

Mentor Contract

Mentors must assume certain responsibilities in order for the club to run smoothly. Your signature below testifies that you have read and commit to the following:

- Work through and become familiar with lessons before club meetings. Ask questions of other mentors to clear up confusion, if any.
- Help lead activities/lessons to gain experience in mentoring.
- Work two-on-one with participants throughout the course, helping them work through exercises and projects.
- Model a growth mindset, reminding participants that we learn from our mistakes.
- Help build community among participants, valuing the different contributions each makes.
- Attend weekly one-hour staff meetings, providing feedback about past club meetings and helping prepare for future ones.
- Prep, go over the slides on your own time, and provide feedback to students.
- Only one unexcused absent following the schedule in the One drive folder or, when necessary, making arrangements to swap with another mentor and notifying a Teresa, or a Lead Admin in advance.
- If you will be late, please notify your team in advance.
- If there are any conflicts or concerns, please address them to Admins or Teresa.
